Ride-on Mower Mounted Snow Plough Attachment

Put the shovel back in the shed. Prices from £595 plus VAT

With this easy to fit snow plough attachment you can clear snow with a fraction of effort and time from the comfort of your own ride-on mower. A robust, model specific, snow plough kit suitable for most domestic ride-on mowers. Advanced yet simple overload system with adjustable spring return to protect the plough and operating vehicle. Supplied complete with a replaceable rubber cutting edge and height adjustable mushroom skid shoes. This plough simply lifts and lowers from the seat and features five angle positions.

The powder coated finish helps to prolong the life of this great investment.

At the end of the winter the plough may be removed in just a few minutes (without tools) leaving a simple un-obtrusive bracket on the front of the mower.

And if you ever decide to change your ride-on mower simply purchase a new low cost bracket assembly that suits your new mower and your plough will fit. (Some drilling may be required for initial fitment.)

CNECT2 LTD
